Achievements & Awards

- DISTRICT LEVEL Competition in Hockey 1st Place,
- STATE LEVEL Competition in Hockey Participation,
- DIVISION LEVEL Competition in Hockey 2nd Place,
- ZONE LEVEL Competition in Hockey 3rd Place.

Language

- English
- Tamil
- Telugu

Interests

- Web development
- PCB designing

Objective

To enhance myself with new technologies and will research on new technologies in a way which would be helpful for the upliftment of the company and also my professional growth.

Education

- **Muthayammal engineering college , Rasipuram** 2022
BE in Electrical and Electronics Engineering
CGPA (8.5)
- **Muthayammal polytechnic institution, Rasipuram** 2019
Diploma in Electrical and electronics engineering
Percentage (81%)

Projects

- **E-vehicle charging with dynamo**
 - Electric vehicle (EV) is gaining increasing attention for having unique features such as low emission, high efficiency, quiet operation etc.
 - In the present rendition electric vehicle is not self-charging and endures with more batteries.
 - In this project, in addition with the electric vehicle technology we are adding up dynamos with the vehicle.
- **Automatic Water controller by using Arduino**
 - The main objective of this is project is to save water and to save power
 - It instructs the consumer to know about the current water level
 - The motor pump automatically turned on when the tank is empty
